FOR IMMEDIATE RELEASE: April 7, 2020

Sioux Falls, SD - Minnehaha County has updated the on-line portal for property tax payments to improve customer service. For homeowners, the site is easier to navigate. Taxpayers with multiple properties are now able to add properties to a check-out cart and pay multiple properties at one time, vs the previous system of paying a maximum of five properties at a time. The new system is accepting 2020 property tax payments.

“The county looks for ways to improve customer satisfaction. We are happy to provide options that help people make payments in a way that is convenient for them. This is one way to save someone from needing to make multiple transactions or having to travel to county offices to pay their taxes,” said Commissioner Gerald Beninga.

Residents can also use the online system to verify the property tax balance due during each payment period of the current tax year. The new system by Govtech will send taxpayers to their website to enter their information and make payments. Vendor service fees apply.

“Based on feedback we’ve already received, the new system is secure, working well, and easy to use. Property tax payments can still be made in person or by mail if citizens prefer the traditional options,” said Minnehaha County Information Technologies Director Monte Watembach.

A link to Minnehaha County’s property tax payment system can be found at [https://www2.minnehahacounty.org/property\\_tax/index.aspx](https://www2.minnehahacounty.org/property_tax/index.aspx). Residents who go to the county website will be provided with the vendor link to check and pay property tax balances.
