### **Minnehaha County Jail in Custody Death - Update**

For Immediate Release: 06/02/2020

Re: The In-custody death of Jordin Eichmann

The Minnehaha County Jail received information from the Minnehaha County Coroner that the cause of Jordin Eichmann's death was methamphetamine toxicity.

Minnehaha County Detectives and South Dakota Division of Criminal Investigation completed their investigations which are consistent with the Coroner's findings. Both agencies indicate that shortly after 2:15 am Jordin removed a substance that was concealed in her body and ingested it.
