FOR IMMEDIATE RELEASE: June 4, 2020

Sioux Falls, SD - As the Minnehaha County Administration Building reopened to the public on Wednesday June 3rd, following the Primary Election, customers are experiencing extended wait times for license plate registration and titling. Customers can skip extended in-person wait times by continuing to conduct business online, by mail, and remote kiosk.

“The County has several options available to conduct business remotely. Residents are encouraged to use online and remote methods to avoid unpredictable weather and lines that extend outside. Governor Noem also signed SB 190 into law which created a grace period to renew license plate tags for sixty days beyond the COVID-19 crisis. The emergency declaration continues to be in effect granting residents an extension.” said Commissioner Jean Bender.

License plate tag renewal kiosks, operated by the State of South Dakota, are located at the following locations:

Hy Vee at 4101 S. Louise Avenue in Sioux Falls
Get-N-Go at 5400 E. Arrowhead Parkway in Sioux Falls

Links on the County website for license plate renewal will take residents to SDcars.org, operated by the State of South Dakota to conduct transactions securely.

Bender added, “The Treasurer’s office continued to process license plate tag and titling requests while the Administrative building was closed to the public but built up demand still exists. The Commission is pleased COVID-19 conditions now allow the building to be re-opened with safety parameters in place. Utilizing online and remote options can help save residents time and gas required to travel to the County campus.”
